

ATTENTION OF GORDON GOFF, PLUMBING INSPECTOR

DATE JULY 23, 1974

DEPARTMENT BUILDING REGULATIONS

SUBJECT: POSSIBLE PLUMBING CODE VIOLATION
OK TIRE COMPANY - 1905 S. CAMPBELL

I have just received a copy of a letter from Charles Chriswell of the Sanitary Services Section to Mr. Jack Vanmatre of the OK Tire Company. This letter states that there was a plumbing installation installed not in accordance with the BOCA Plumbing Code. I am assuming that the statement in the letter is true and that we should proceed to have the plumbing code deficiency corrected.

Please let me know the disposition of this plumbing code violation.
